

IMPORTANT NOTICE

Please do **NOT** flush
anything but toilet
paper down the toilet

Thank You

In Birch Run, sewage from our toilets & graywater from our showers, sinks and washers flow as wastewater to the city sewers through two pumps that grind up the solids into small particles, much like a garbage disposal. We have had to spend thousands of dollars to clean out, repair or replace the grinder pumps, a cost we **ALL** bear.

Reminder

Please do not flush:

Dental Floss
Feminine Products
Disposable Wipes
Cotton Swabs
Cigarette Butts
Hair, etc....

Thanks! Phase II HOA Board
